Notes

2010 DSC Cruising and Racing Program

1. Introduction

The Dixie Sailing Club maintains a yearly schedule of club races, special races such as long distance races, regattas, cruising activities, and special events. Our racing program provides a means for sailors to sharpen their sailing skills, enjoy a competitive environment while sailing, and to build camaraderie between the club members. There is an overall Handicap Fleet based on the Portsmouth Yardstick as well as individual fleets currently consisting of Catalina 22, Flying Scot, and MC Scow. Our cruising activities are open to all boats and include both day cruises as well as overnight cruises.

2. Race Schedule

Club racing will be scheduled the first three Saturday's of each month. Sunday racing has been suspended for 2010. Please pay careful attention to the schedule provided as to which day racing will be held for a given weekend.

3. Race Starting Times

The first race on Saturdays will start at 10:15 AM.

This means our members may have to leave earlier for Race Committee (RC) Duty, but it should not prevent anyone from performing this duty. RC needs to be there not later than 9:00 AM on Saturdays. To see the detailed start times for each weekend refer to Section 14, "Weekend Formats."

4. Participation

A minimum of three (3) boats must be participating in order to hold a race under the Portsmouth Handicap Rating. Only boats which make a proper start in a race are counted as participating in club races. For fleet races, a minimum of three (3) boats of that type must start that race. If races are cancelled because of a lack of race committee attendants, all racers present will be given credit for one (1) first place finish on the scoring sheet.

A new racing policy was approved by the Board of Directors that gives racing skippers credit for racing when they perform Race Committee (RC) duty. This appears to be a common practice at other clubs. The concept is simple: if you are “registered” in the racing program, and you are scheduled to perform RC duty, you will be given credit for each race that is held while you’re fulfilling your club responsibilities. Three races are held, you get credit for three races. You will not be given a finishing place (first, second, etc.) but the Racing Standings spreadsheet will have a “tic” mark for each race held. This credit can be used along with the races you actually sailed to qualify you for the Championship Race that is held at the end of each racing season. If, for example, 20 races are required to qualify, and you raced 14 and performed RC duty for 6 races, you are qualified to compete in the Championship Race. The fact remains that you must actually race at least 50% of the races required to qualify.

This new policy is also being extended to those who give up a day of being the skipper of their own boat to be on another member’s boat. That might be to instruct someone new to racing, or new to a different type boat, or just to crew in the weather conditions of the day. If, for example, a club member is interested in learning how to race or, wants to learn how to sail their new (to them) Catalina 22 as fast as possible, and a skilled racer volunteers to crew for that person, the racing skipper gets scored for both how they finished and for races entered, and the “instructor/crew” gets credit for however many races they participated in.

The reasons behind this new policy are threefold: (1) to motivate more to come to the lake and race, (2) to help the club build up its fleets, and (3) to reward skippers for more than just racing.

5. Race Formats

All other races should be comprised of a windward-leeward or triangle course. The Race Committee has the authority to set up the races as they deem appropriate and can deviate from the published schedule if conditions warrant or if the racers desire a change in format.

There is one other race format allowed for special race formats – the long-distance race. This race that can take several hours to complete. The Race Committee should set a course that takes several hours to complete and can take the competitors around the areas not normally used for races, such as rounding islands. Since this format requires significant time to complete, the Race Committee should determine that conditions and weather are acceptable before committing to this format.

6. Spring and Fall Series

The year's schedule is divided into two series; Spring and Fall. The top three (3) finishers in the Handicap racing for each series will be awarded trophies and/or burgees. The individual fleets are free to establish their own rules for determining a Fleet Champion and for providing awards. These awards are to be given out and the champions recognized at the Commodore's Banquet following the end of the season.

Spring Series: March 6th, 2010 – July 3rd, 2010

Fall Series: July 10th, 2010 – December 4th, 2010

7. Club Championship

In November, the Club will have a Club Championship Sail-Off. Round 1 to determine finalists will be held on

Saturday, November 6th, 2010. The top 10 finishers or the top 50%, whichever is greater, will advance to the championship held on Saturday November 13th, 2010.

8. Open Regattas

DSC will try to hire a Principal Race Officer (PRO) for all open regattas. This will allow the club racers to participate. Currently we have two open regattas scheduled, the Punchbowl Regatta in April, and the Scotalina TuTu scheduled for the last day in October and the first day in November.

9. Cruising Activities

The fourth Saturday of each month will be left open for an organized cruising activity for DSC members, guests and friends. Ron Jenkie will be responsible for assigning a “cruise director”, and facilitating communications with members to determine interest each month.

10. Intro to sailing

This was a wonderful event in the years past when we held it and needs to be done again. This will be a great opportunity to promote the club and recruit new members. We should work with the local sailing school.

Intro to Sailing: Saturday, June 26th

ARTICLE I: MEMBERSHIP:

Section 1.

Membership in Dixie Sailing Club, Incorporated, (the "Club") shall be open to individuals interested in sailing; provided, however, that at all times at least 75 percent of the Regular membership shall be owners of sailboats. Members shall be classed as Regular, Associate, Senior Associate, Honorary, Collegiate, Summer, and Military. All members shall be elected as provided in Section 2 of this Article I.

A. Only **Regular members** shall vote or hold office. Regular members may be limited to a maximum number from time to time established by the Board of Directors, with two permitted numerical exceptions:

(a) Associate members returning to the resident area of the Club; and (b) children of Regular members reaching the age of 21 who wish to become Regular members. A candidate not qualifying under one of these exceptions will be placed on a waiting list and the application acted upon when a vacancy exists. Each Regular member shall, unless excused by the Board of Directors for health or like compelling reasons, participate in Club work and maintenance programs and serve race committee duty when and as assigned.

B. **Associate members** shall be former Regular members who reside more than one hundred (100) air miles from the Club clubhouse at Lake Martin, Alabama; provided, however, any associate member as of September 15, 1975 shall upon such date become a Associate member.

C. **Senior Associate.** On written election of a regular member age 65 or older who has been a regular member for ten or more years. An individual electing this status is not entitled to own a

cabin in the cabin colony or to store a boat in or on club facilities. Nor is such a member entitled to vote with respect to any matter. A senior associate may transfer back to a regular membership status upon written request and paying regular dues. The dues for a senior associate membership shall be those approved by the general membership under Article II, Sec. 1 of the By-Laws.

D. Honorary members shall be those persons elected such class of membership by the Club Board of Directors in recognition of special service to the Club or for other reasons determined by the Board of Directors.

E. Collegiate members shall be persons elected to membership who shall have attained the age of 18, but who have not yet attained the age of 25, and who are students in institutions of higher learning not yet customarily gainfully employed. The number of Collegiate memberships may be limited by the Board of Directors.

F. Summer membership is open only to individuals who:

- (1) are home owners at Lake Martin; and
- (2) are members of Lake Martin Recreational Association; and
- (3) own a sailboat at time of application.

This category of membership provides all of the privileges of the Club except: keeping a boat at the Club and/or owning a cabin in the cabin colony. The duration of a summer membership is from June 1st through Labor Day each year. The entrance fee for a summer membership is one fourth of the regular membership entrance fee and the dues are one fourth of the regular annual dues. Summer members are nonvoting members. The status may be changed to a regular membership at any time by a request in writing to the Board of Directors and payment of the balance of the entrance fee in effect at the time of such request.

G. Military membership is available to anyone who is an active-duty member of the military on full time status. A military membership carries the same privileges as a regular membership.

The dues are the same as regular dues but the entrance fee is one-half of the regular membership entrance fee.

Members' spouses and children under 21 years of age shall be entitled and encouraged to use Club facilities and participate in Club activities, including meetings of the members. Persons whose family privileges are terminated by age shall, upon applying for membership, be given preferential treatment as spelled out in Section 1A. Children reaching the age of 21 shall have the option of applying for a Collegiate membership, if they meet the requirements for this type of membership, or for regular membership. Failure to apply to the Board of Directors in writing for either of these options within 90 days after reaching age 21 will result in the forfeiture of preferential treatment.

Section 2.

Application for any class of membership shall be made in the manner prescribed by the Board of Directors. The membership application shall contain an agreement to abide by the by-laws and rules of the Club. If approved by the Board of Directors, the applicant shall then become a member upon payment of the required dues and initiation fees.

Section 3.

All resignations must be in writing and addressed to the Board of Directors. No member may resign in good standing until all financial obligations to the Club have been satisfied. Resignations are effective from the first day of the month following receipt.

Section 4.

Membership in the Club shall be terminated for non-payment of dues as provided in Article II, Section 2. Termination of membership shall not release the member from the obligation to pay all sums owing to the end of the period of membership. Membership may also be terminated for any reason whatever by a three-quarters vote of all members voting at any meeting of the members.

Section 5.

Upon the death of a Regular member, the Club shall transfer his or her membership into the spouse's name and the spouse shall become a Regular member subject to all rights, privileges and obligations of same. A member failing to pay such within 180 days of the due date shall cease to be a member of the Club and shall be notified of membership termination.
